Member Directory Profile:

FWHR has over 500 members so it's hard to keep track of everyone. The next best thing, however, is to find them in the FWHR Member Directory. This is where you can view members that you know or have met in passing. You should not solicit members from the Directory but it does provide a good tool for networking.

Keep your profile up to date so other members can know and network with you. Additionally, supply a good picture of yourself so that others can see you. Below are instructions on how to update your picture and add more.

Log in to the FWHR website. From the Home Screen, click on the person icon in the upper right of the screen.

Scroll down to Photo and click Choose File.

Once the file has finished uploading, continue through the form, updating all relevant check boxes and fields in the process.

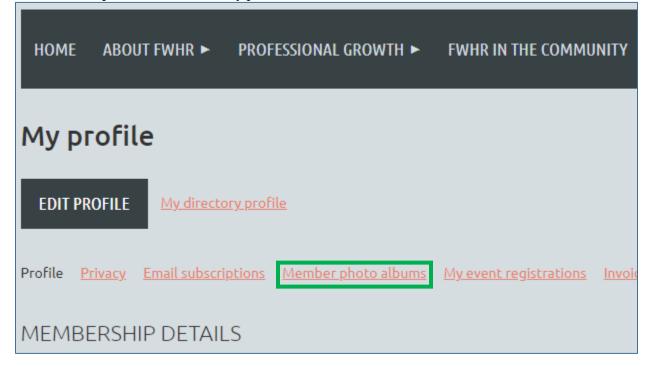

When you are finished, push Save.

Bonus Album Additions:

Albums allow you to upload multiple pictures of your favorite FWHR events. Each album can be named and display detail for anyone to look at. You can delete any album or individual photo at any time.

Go to Member photo albums under My profile.

Push ADD ALBUM
